Coordinator

• Province of Genova (IT)

Partners

• Sogesca s.r.l. (IT)
• Province of Modena (IT)
• City of Zagreb (HR)
• Province of Huelva (ES)
• Province of Barcelona (ES)
• Region of Central Macedonia (GR)
• Italian Local Agenda 21 Association (IT)
• Kaunas Regional Energy Agency (LT)
• Association of Municipalities Polish Network „Energie Cités“ (PL)
• Association for Development of Mountain Municipalities of Rep. of Bulgaria (BG)
• Union of Bulgarian Black Sea Local Authorities (BG)
• Centre for Renewable Energy Sources and Saving (GR)
• European Centre for Quality (BG)
• ICLEI, European Secretariat (DE)
Project idea

1st project to support the supporters of the Covenant of Mayors European initiative for climate protection

through:

• strengthening the network of Coordinators and Supporters (C&S, former “Supporting Structures”) of the Covenant

• assisting selected municipalities in the development and implementation of Sustainable Energy Action Plans (SEAPs)

• monitoring SEAP implementation and its results

• increasing the number of Covenant Coordinators and Supporters
Results/Support to C&S

Covenant of Mayors (CoM):
  103 Coordinators and 69 Supporters
  4066 Signatories

Energy for Mayors (E4M)
  >100 supported municipalities
  30 developed SEAPs on
  67 Fully supported municipalities
Results/Support to C&S

...amongst the supported municipalities:

8 Pilot EMS Energy Management System ISO 50001 + SEAP

Moneglia is certified, Maranello will focus on monitoring

Integration between EMS and SEAP

Common points:
- initial analysis
- internal capacity building
- improvement plan
- monitoring

Crucial difference:
- SEAP is on territory
- EMS on P.A. Organisation

Guidelines are being developed (now in draft working copy) and will be issued after sperimentation phase
Results/Support to C&S

Capacity building:

SSt training seminar in Huelva (2010)

1st International Workshop in Genova (2011)

...2nd International Workshop in Krakow (2012)

...3rd International Workshop in Brussels (2013)
Capacity building:

Krakow International Workshop for Covenant of Mayors Coordinators and Supporters: Low Carbon trend setters in 2020

Kraków, 3 - 4 October 2012

...you are invited!

www.energyformayors.eu
Project area: National working groups in all the project countries

- BULGARIA
- CROATIA
- GERMANY
- GREECE
- ITALY
- LITHUANIA
- POLAND
- SPAIN

www.energyformayors.eu
Join in!

We invite:

• **local authorities**, who wish to engage in sustainable energy roll-out and contribute to climate protection

• **public administrations or networks of local and regional authorities** who want to assist and guide their area’s cities and towns with local energy action

www.energyformayors.eu
Results/Support to C&S

Support with European C&Ss’ experience, assistance and practical advice

Guidance material like:

“Support Package for Covenant Coordinators and Supporters”

Other resources available in the Toolbox of Methodologies on Climate and Energy

www.energyformayors.eu/toolbox

→easy access for users to the best resources available
E4M Toolbox - Entry Point

www.energyformayors.eu/toolbox
SEAP: Wide range of topics (also for Covenant of Mayors)

ACTIVITIES / PHASES / STEPS:
• Starting up (e.g. political commitment, goals, resources, etc.)
• Assessment (e.g. Baseline Emission Inventory)
• Target setting
• SEAP development
• SEAP implementation
• SEAP monitoring and evaluation
• Participation processes
• Communication campaign
• Financing activities

SECTORS COVERED BY METHODOLOGIES:
• Adaptation
• Buildings
• Energy
• Mitigation
• Transport
• Waste
• Water
E4M Toolbox - Search function

Detailed criteria for effective search

List of all Methodologies: Alphabetical / by Language / by Type

BEFTER CLIMATE AND ENERGY FOR ALL

Communities and their Supporting Structures are working together towards a smart sustainable energy future.

The ENERGY FOR MAYORS project supports reaching the EU climate and energy goals by involving European cities and towns in sustainable energy planning, reducing energy consumption and increasing the share of renewable energy sources (RES). ENERGY FOR MAYORS assists successful implementation of the Covenant of Mayors by achieving:

- 180 new municipalities joining the Covenant of Mayors
- 60+ municipalities accompanied with their SEAP development and implementation
- 34 new Supporting Structures created to help communities
- 10 Energy Days organized per year in the project regions
- 8 pilot Energy Management Systems (EMS) implemented
- Uncountable benefits for each community - from energy and financial savings to a better quality of life for citizens!

THANK YOU FOR YOUR ATTENTION!
C&S definition

- **Coordinators**
  public authorities/agencies that provide strategic guidance and financial and technical support to municipalities signing up to the Covenant of Mayors that lack necessary skills and/or resources to fulfill their requirements

- **Supporters**
  Networks of local and regional authorities that commit to improve the Covenant’s impact by promoting the initiative, liaising with their members, facilitating exchange of experience and defending common interest in relevant fora
