**Local Authorities**

(pro EE) Public Procurement boosts Energy Efficiency
Activity 1: Innovation

Multi-Stakeholder Workshops involving:
- Industry
- Technical experts
- Institutional buyers
Activity 2: Joint Procurement

- Regional networks in 6 countries
- Concept of “mentor” and “pupil” LAs
- Development and publishing of a first tender (full joint procurement & “piggy-backing”)
- Monitoring and reviewing procedures
- Challenge: International joint procurement
Activity 3: Local Energy Efficiency Plans

- 5 pilot cities will develop Local Energy Efficiency Plans:
  - Energy Efficiency Scan
  - Internal action plan
  - Consultation with local stakeholders
  - Involvement of citizens
  - Compilation and adoption of EE plan
Questions for discussion

• Do you have experience with joint green public procurement?

• What kind of products are most suitable for joint procurement?

• Interests in joint public procurement in your municipality?
Conference in Mainz, 14. April 2008

Beschaffung fördert Energieeffizienz
Umweltfreundliche Beschaffung
ingeefizierter Technologien und
Produkte in Kommunen

Tagung
Erbacher Hof, Mainz
